A Word about Corona Virus

As we approach our season opening with Baby Animals on April 11, we want you to know that we are taking all necessary precautions in light of the ongoing COVID-19/corona virus developments. While we plan to open as scheduled, we are monitoring the situation on a daily basis and encourage you to check the website often.

The health and safety of our visitors, staff, and animals is our number one priority. We will continue daily routine cleaning, such as disinfecting frequently touched surfaces, and we have added more hand sanitizer stations. As recommended by the CDC, and as is always good practice, we encourage frequent handwashing with soap and warm water for at least 20 seconds, covering coughs and sneezes, and staying at home if you feel sick.
